

Three Short Films

Matt Brennan
University of Glasgow

My paper was basically screening three short films, all of which are available on vimeo. Would it be possible to post links to the videos on wordpress?

'The Cost of Music': <https://vimeo.com/330024432>

'What is the environmental cost of recorded music?': <https://vimeo.com/285438067>

'How much should we pay artists for listening to their music?': <https://vimeo.com/324858143>

I hope those work ok.
